
OUR MISSION STATEMENT

The purpose of the First United Methodist Preschool (FUMPers) is to promote the social, emotional, intellectual, moral and physical development of young children.

We provide positive learning experiences in a loving Christian environment. We hope to enhance family life through parental involvement in our program.

OUR ACADEMIC PHILOSOPHY

FUMPers is a developmental school with emphasis on active learning. We provide many opportunities for our students to experience learning for themselves. Children are exposed to a variety of concepts through play centered activities.

OUR RELIGIOUS PHILOSOPHY

FUMPers is a Christian school that is open to children and families of all faiths. Our message is God loves us and looks after us.

This idea is relayed daily and emphasized during weekly chapel services.
